V&A WATERFRONT

Guided Historical Walking Tours

Take a step back in time to a bygone era; to a time of sailors, seafarers and intrepid adventurers.

Follow in the footsteps of South Africa's founders when the majesty of the V&A Waterfront was a brave little jetty built by Jan van Riebeeck in 1654. Relive the frenzy of the shouts of the sailors and stevedores as we sidestep and expertly navigate the hustle and bustle of this iconic trading port's vibrant history.

Stand proud as we salute HRH Prince Alfred, Queen Victoria's second son, for inaugurating the V&A Waterfront's construction as a 16-year-old midshipman in the Royal Navy in 1860. Let us stand even prouder as we salute his return 10 years later for the official opening of the completed works in July 1870.

Just as the pioneering Power Station bought the first light to Cape Town, so our registered tour guide will illuminate the history of the V&A Waterfront, regaling you with facts and anecdotes of South Africa's most popular cultural destination.

Booking is essential. Visit the V&A Waterfront Information Centre or In-mall Kiosk for bookings and further information.

TOUR ROUTE AND HIGHLIGHTS

South Africa's oldest working harbour is home to 22 landmarks. Our journey begins at Chavonnes Battery Museum, the harbour's oldest relic. The tour then winds its way from Clock Tower Square and will include, but is not limited to the following points of interest:

- Clock Tower
- Swing Bridge
- Bertie's Landing
- African Trading Port
- Alfred Basin
- Robinson Dry Dock - one of the oldest of its kind in the world still in daily use
- SAS Somerset - the only boom defence vessel remaining in the world
- Old Power Station - Cape Town's first power station
- Pump House
- Breakwater Prison - markings left by recalcitrant prisoners are still visible today
- Portswood Ridge
- Time Ball Tower
- Portswood Tunnel
- Rocket Shed
- Union Castle Building
- Victoria Basin
- Ending off at Quay 5 / Amphitheatre

Duration: 45 minutes to 1 hour.
