

**Procedure for Rebate tickets:**

- Client pulls ticket on entry.
- Before client exits he/she needs to proceed to a pay station.
- Insert the **“ENTRY TICKET”** in the pay station and the **“AMOUNT TO PAY”** will be displayed.
- Insert the **“REBATE TICKET”** in the same slot as the entry ticket.
- The entry ticket will be **“VALIDATED”** if the amount displayed is less or the same as the Rebate ticket value.
- If the amount displayed **“EXCEEDS”** the value of the Rebate ticket, the **“BALANCE TO PAY”** will display and when the balance is paid the ticket will then be validated.
- The entry ticket will be returned from the slot with the amount paid at the bottom left corner of the ticket.
- The client can proceed to the exit and insert the ticket in the exit station.

**NB: Please keep all rebate tickets away from any cellular phones. Ticket will be demagnitized when signal on cellular device changes.**
